## **Bird Friendly Coffee**

AVIA coffee contains 100% Bird Friendly® certified, organic and fair-trade bean. It's a simple thing all coffee lovers can do to protect the winter habitats of birds that travel each year from our regions to the faraway farms that produce the coffee we drink. Bird Friendly® is the benchmark that no other ecological seal or brand can match in terms of protecting biodiversity. Certified by the Smithsonian Society, this coffee is grown in the shade. A donation of \$1.70 is made to the Tadoussac Bird Observatory for each purchase of a bag of coffee.

---

## **Cathedral Style Suet and Seed Cake Feeder**

This original cathedral style feeder is intended for suet and grain squares. It can hold 4 suet cakes or seed cakes.

## **Cavallini 1000 pieces puzzle**

These puzzles are illustrated “the old-fashioned way”. They are packaged in a hand-sewn muslin bag inserted into a 10-inch tube.

---

## **Cardinal Napkins**

Make your celebrations more joyful with the help of this set of 20 cardinal napkins. These paper napkins representing a magnificent red cardinal will ideally accompany all your celebrations.

## **Blue Jay Mug**

This mug decorated with a beautiful pattern of Blue Jays is a great gift for bird watchers at 40% off!

## Large 20" Baffle

This dome is perfect for protecting your feeders from rain, snow and squirrels too.  
You will save on wasted seeds with this very large dome.

### **Abbott Door Mats**

Choose your favorite pattern and welcome family and friends into your home with these attractive fiber rugs!

### **Mr Bird's Hot Pepper Products**

These mixtures of seeds and insects will attract birds but will repel squirrels thanks to the hot pepper they contain. No waste, no mess and it will not melt.

### **Songbird Spa 3-in-1 Heated Bath**

The heated birdbath Songbird Spa Bathtub has 3 installation options: on a wooden post, on gallery railing or on a flat surface. Thanks to its integrated thermostat, the bathtub only turns on when needed. It can be used all year round.

### **Golden Safflower Products**

Golden safflower is easier to eat, more nutritious, and attracts a wider variety of birds than regular safflower. Golden safflower is not popular with squirrels. Available in small or large square, bell and cylinder

### **Dr, JB's Hummingbird feeder**

This proven effective hummingbird feeder is very easy to clean. It comes apart in 3 pieces for easy cleaning and is dishwasher safe. The feeder bottle is made of glass.

### **Oriole feeder**

This oriole feeder is ideal for offering orange halves, nectar and fruit jelly. Filling and maintenance are simple and easy.

## **Gift Ideas**

## SPORTS OPTICS

### **VORTEX BANTAM BINOCULARS FOR YOUTH 6.5X32**

These binoculars, specially adapted for the hands and faces of young people, do not lack qualities. They feature HD optics, premium anti-reflective coatings and a rubber coating that provides durable protection and a secure grip. Kids starting in ornithology with such quality binoculars, with a lifetime warranty, are more inclined to develop greater interest in birds.

---

### **CELESTRON LANDSCOUT**

Are you looking for a spare pair of binoculars? Celestron Landscout, with their wide field of vision, their ergonomic housing and their very affordable sale price are the solution! Available in 8x21 and 8x40.

**SWAROVSKI EL 8.5X42**  
**ET EL 10X42**

Take advantage of an exceptional discount for these binoculars!

The know-how and technology combined with ideal dimensions, weight and optical performance constitute a perfect product. Versatile and reliable, these binoculars are suitable for use during the day or at dusk.

Nature enthusiasts will appreciate the unique close focus of 3.3 m (11 feet), as well as their fast and precise focusing.

**CELESTRON OUTLAND X - 10X42**

Good binoculars for beginners, or backup binoculars for any advanced birder. They are waterproof, nitrogen purged and have a multi-layer coating that improves contrast and resolution by increasing light transmission.

**VORTEX CROSSFIRE HD**

These rugged binoculars offer premium performance at a great price. The HD optical system reduces chromatic aberrations, gives exceptional color fidelity, edge-to-edge sharpness and improved light transmission. Available in 8X42, 10X42, 10X50 and 12X50.

## **VORTEX VIPER HD 65mm SPOTTING SCOPE**

Choose a spotting scope with HD lenses which offer you excellent optical quality. 15-65x magnification and available in straight and angled versions.

---

## **ZEISS CONQUEST HD**

Take advantage of the best German technology with the Conquest HD. They will provide you high-end performance thanks to their new HD lens system. They are compact and robust. LotuTec® coatings allow water to bead off the lenses, making them easy to clean and reducing the risk of scratches. Take advantage of their special price until November 30th, 2023! Available in 8x32, 8x42 and 10x42.

---

## **ZEISS SFL**

These binoculars are light and compact. The Ultra High Definition (UHD) concept guarantees realistic color rendering. The focus wheel allows for quick and precise focusing, even when wearing gloves. The wide field of view and close focus (4.9 feet) will allow you to easily distinguish the minute details of the species you are looking for.

Take advantage of their special price until November 30th, 2023!  
Available in 8x30, 10x30, 8x40 and 10x40.

Merry Christmas and Happy New Year 2024
